Centurylink 621 Prefix Phone Issue Update

Thank you for your response to our request for information on the Centurylink land line outages that have been going on throughout December. We heard from many and their stories of up and down outages. The experiences were similar (all in December) and diverse (when they went down, when service came back). It is also frustrating that there are many in our rural area whose only connection option is their landline. We did hear of some possible causes from a discussion a technician had with a neighbor. That was, that the Burlington switch had a bad power surge in early December that damaged equipment. They had to limp by while waiting for replacement equipment. The system is up and running for now but they are still checking on possible further problems. With that in mind, the technician was clear to say that he cannot guarantee we have a permanent fix even now. Thank you again, Good Neighbors, for helping each other out.

Speaking of helping each other out.....

SKYLINE RIDGE NEIGHBORHOOD EMERGENCY TEAM (Skyline Ridge NET) skylineidgenet@gmail.com

January Basic NET Training: 01/13-02/04 This is a free training opportunity from Portland Bureau of Emergency Management. If you are interested in being part of the local NET group, this is your chance. This training is only offered a few times a year so take advantage of the slow winter months if you can. If you have already taken some of the training but not completed the course, you can sign up for what you need: https://www.portland.gov/pbem/neighborhood-emergency-teams/volunteer

Now's the Time to Firewise Our local Firewise groups encourage residents to take advantage of the season to work on items to reduce their risk in a wildfire by taking steps to harden their homes against wildfire intrusion and increasing defensible space around their homes. Take time to review potential actions you can take: https://www.portland.gov/fire/your-safety/documents/your-personal-wildfire-action-guide/download. Focus on the home first then work on creating defensible space. Remember, it's a marathon, not a sprint!

Here are some timely Winter Safety Tips courtesy of Portland Fire & Rescue: https://www.portland.gov/fire/your-safety/winter-fire-safety-tips

Community Wildfire Defense Grant Money Sought West Multnomah SWCD has submitted an application for the Community Wildfire Defense Grant offered through the US Forest Service, in partnership with Ash Creek Forest Management, Portland Fire & Rescue, Tualatin Valley Fire & Rescue, and many local community groups including the Forest Park North & South and Skyline Ridge Firewise Communities, Skyline Ridge Neighborhood Association, Skyline Ridge NET, and the Skyline Grange. The goal for seeking this funding is to support communities across the Tualatin Mountains in their efforts to improve wildfire resiliency and forest health and increase community awareness around emergency preparation and wildfire risk reduction actions. The US Forest Service (the agency running this grant program) expects to notify applicants of their final decision by February or March of 2024. This is a very competitive national grant, but there will be additional rounds of this funding opportunity to apply for in future years if the local community does not receive funding this year.

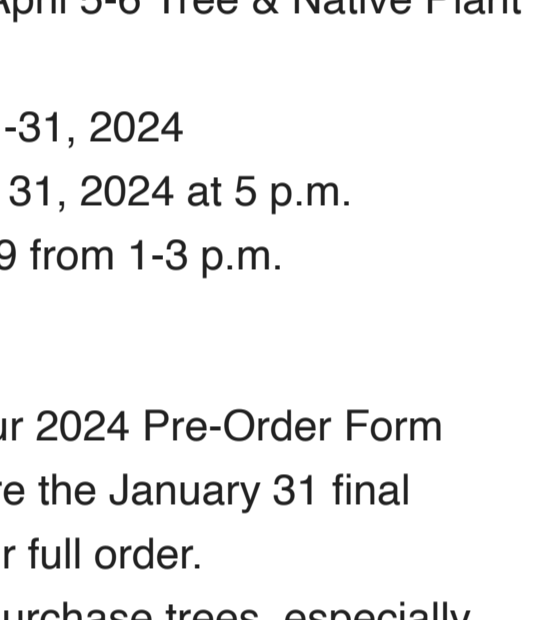

Thank you for being a part of what makes this neighborhood such a great place to live!
